# Agro Pack & Plast Iraq 2023

## Iraq's leading agrofood, plastics and packaging event exceeded all expectations.

The success story of Agro Pack & Plast Iraq continued at the 2023 event, with 222 exhibitors from 16 countries presenting their innovative products and solutions to thousands of trade visitors from around Iraq and the entire region.

A significant proportion of these visitors were valued hosted buyers who arrived in delegations.

The exhibitors came from Austria, China, Egypt, France, Germany, India, Iran, Iraq, Italy, Kazakhstan, Kuwait, the Netherlands, Russia, Saudi Arabia, Türkiye, and the United Arab Emirates.

The amazing number and quality of trade visitors far exceeded the exhibitors' expectations and underlines the great interest and considerable investment prospects in the Iraqi agrofood, plastics and packaging industry.
